★ Products Line:

1. Low pressure & integrated solar water heater: H.S Code: 8419 1900
   47/1500, 58/1800 solar vacuum glass tube  Tube Nos: 15tubes-30tubes

Water running between glass vacuum tubes & solar tank, thus they bear no working pressure.

WTO-LSG  stainless steel inner tank
WTO-LPS  porcelain enamel inner tank

2. High pressure & integrated solar water heater: H.S Code: 8419 1900
   Tube Nos: 18tubes-30tubes

With stainless steel inner tank or porcelain enamel inner tank

WTO-PHS  With coil inside the tank
WTO-HSS  stainless steel inner tank
WTO-HPG  porcelain enamel inner tank
3. Solar split system (with solar heat pipe collector)

**H.S Code: 8419 1900**

**Tank volume: 100L-500L (26 gallon -130 gallon)**

Including 3 Models:
- WTO-PPN: system with none copper coil in porcelain enamel tank
- WTO-PPO: system with one copper coil in porcelain enamel tank
- WTO-PPT: system with two copper coil in porcelain enamel tank

![WTO-PPN](image1)
With none coil

![WTO-PPO](image2)
With one coil

![WTO-PPT](image3)
With two coil

![WTO-HHA](image4)
Heat pipe solar collector

![WTO-HU](image5)
U pipe solar collector

![WTO-HF](image6)
Flat plate solar collector

4. Pressurized Solar Collector:  

**H.S Code: 8419 9090**

Including 3 Models:
- WTO-HHA: solar heat pipe collector
- WTO-HU: U pipe solar heat pipe collector
- WTO-HF: flat plate solar collector
5. Solar project

Solar pool heating  solar space heating
